

What: Immaculate Conception color run
Hosted by the IC PTO as a fundraiser
for our students for field trips and
classroom supplies.

When: Saturday May 16 2020 9:30am- Noon

Where: This event will start and end at the IC
school parking lot.

What we are needing: We would like to request the use of the walking trail along the river. Colored powder will be used during the run. This powder will be cleaned up post event but some will need to wash away with the next rain.

This is an event that will be open to the community, not just Immaculate Conception.

We have not requested any road closures from the police department but plan to have volunteers at the main road crossings to assist. Our school principal Laurie Field will be in contact with the Hugh Anderson to give him updates on what will be taking place.

I hope this is everything you will need. Again please let me know if you need further information.
Thank you.
