

## 2021 Summertime Patio Extension Summary

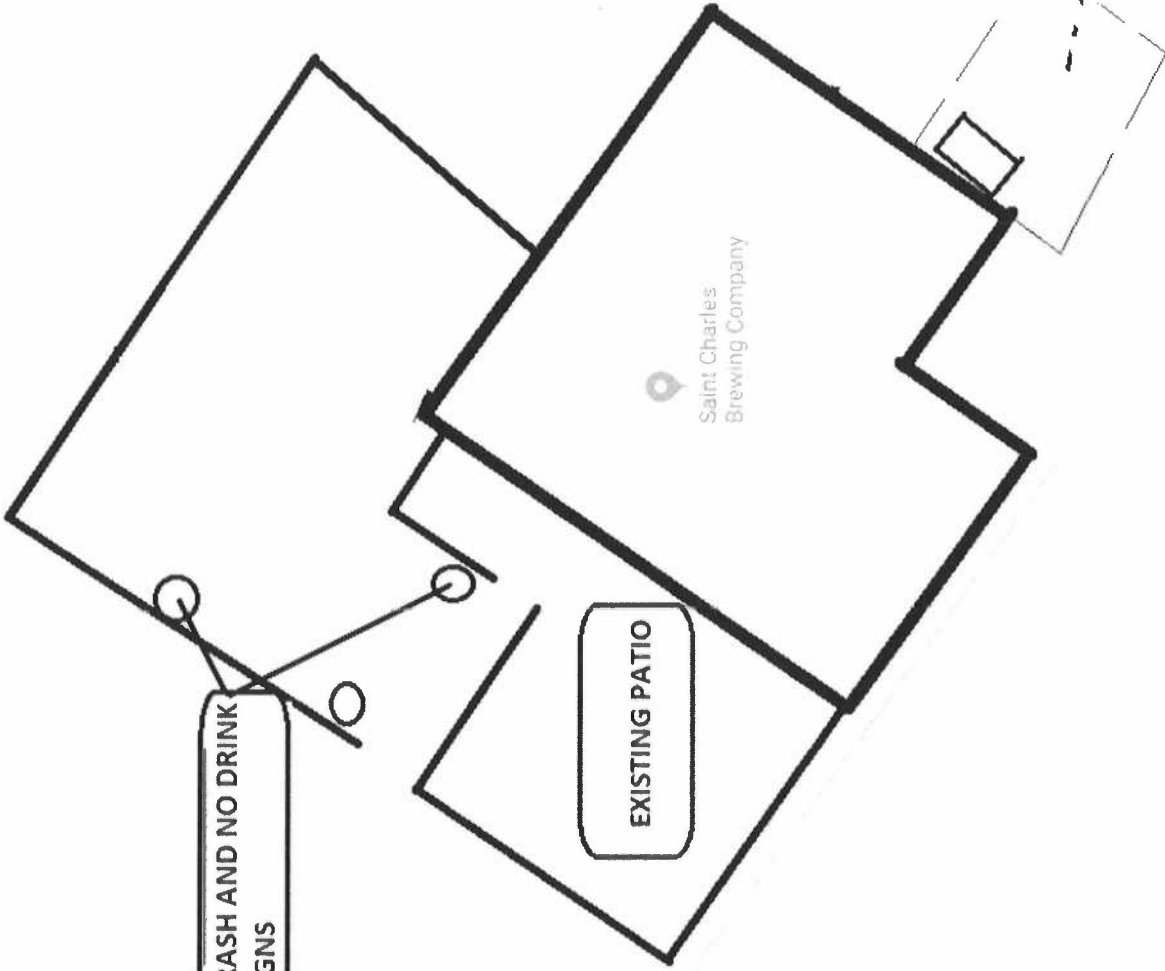

### Saint Charles Brewing Company

- We would like to extend our patio like we did last year, to allow for more room.
- As always the extended patio area will be monitored for outside beverages.
- With the area being larger, we will place more trash bins outside.
- We will have temporary fencing put up.
- We are hoping to plan a few events, but unsure yet, as we are still unsure of what this year will bring.
