## **AGENDA ITEM SUMMARY**

---

**Subject: Changes to the city credit card policy**

---

---

### **Background Summary:**

With the 2020 census completed, this requires that the city re-visit our precinct maps for voting precincts. I've been working with Gloria on this and we have fashioned what we think is a good map. There is only one small change to be made. Gloria will be at the planning session to review these changes. An ordinance will then need to be adopted by the council to set the boundaries for these precincts. We are also required to hold a public hearing on this ordinance. This will be on the December 6 agenda for a first reading and we will set public hearing for December 20. I think we will want to waive the third reading after the public hearing and adopt it so Gloria can get all of her paperwork submitted to the state before her deadline of January 15. I've included the current map and a map of what we are proposing for changes.
