

AGENDA ITEM SUMMARY

Subject: Consider First Reading of Ordinance 1158 amending Chapter 106 of the Charles City Code of Ordinances by adding a new Section 106.10 to provide regulations for permitting and use of dumpsters

Recommendation: Approve the First Reading of Ordinance 1158

Background Summary:

The staff would like to implement a permit process for placement of trash and refuse dumpsters within the City's right-of-way. A copy of the dumpster permit is attached. This will provide specific information to dumpster providers on the requirements prior to placing a dumpster, and it will furnish the City information such as where dumpsters are placed, duration of placement, and contact information for the dumpster provider. We need to amend the City Code and add the attached ordinance, Ordinance 1158, to implement a permit process.

The ordinance applies to and the permit will be issued to the dumpster provider company. Permits will be issued at no cost. Residents and dumpster users will continue to work with the refuse companies as they do now. This ordinance does not add requirements or additional steps to the dumpster users.

We recommend approval of the first reading of Ordinance 1158.
